FROM THE PRINCIPAL'S DESK:-

Dear Parent / Guardian,

Greetings from all of us here at SJIS!

SJIS is into its 5th year of operation this year & in January 2015 we had welcomed all our new students who have enrolled with us. By now I believe they are settling well in their respective classes especially those in Year 7. On behalf of the School Management I wish to thank all of you for your support & constructive comments thus far & hope all of you shall continue to render your support & assistance with the objective to enable SJIS to reach greater heights this year.

During the holidays in December 2014, in preparation for 2015 we have completed the final stages of putting the roofing at the cafeteria & the entrance walkway. To provide a more conducive learning environment, a new coat of paint for all classrooms was completed. All classrooms are now furnished with LCD projectors so that lesson delivery by our teaching staff is carried out more effectively for our students. With the increase in student enrollment, our staff strength at SJIS has also been increased in order to provide better service to students & parents.

To ensure a well-balanced learning environment, we have also increased the number of Clubs & Sports activities for 2015 to 15 respectively.
